Dear Mr. Starr:

It is a pleasure for me to express my satisfaction and appreciation for your fine audio work in our Cathedral. Getting the proper sound is basic to good communication and the proper mood for worship. We have been experimenting for years to get our sound system in order and to provide the right atmosphere for every-one.

Thanks to your fine work, we have achieved it. You very carefully supplied us with the necessary technology for our Church, with attention to detail and balance, so that the entire space is adequately filled with the natural sound emanating from the designated source.

The results are coming in to us, as parishioners offer congratulations and express their satisfaction. You have our sincere gratitude.

Yours truly,

(Rev. Dr.) Robert G. Stephanopoulos
Dean
